## What to Expext:

Recorded Future® Predict spotlights leadership sessions with world leaders, award-winning journalists, industry executives, security practitioners, and product experts uniting to discuss the critical role of intelligence in securing our world.

## Predict 22: The Intelligence Summit offers:

- The opportunity to **HEAR FIRSTHAND** from industry leaders facing similar challenges as us, as they share their advanced applications of intelligence
- Keynote presentations – including **LEADERS IN THE INTELLIGENCE COMMUNITY**, such as Ret. Lt. Gen. James Clapper, Chris Krebs, Niloofar Razi Howe, Bob Woodward, John McLeod, Christopher Ahlberg, Dina Temple-Raston, and more
- **DEDICATED SESSIONS** on how Recorded Future clients and partners are **OPTIMIZING INTELLIGENCE**
- **NETWORKING OPPORTUNITIES**, including the Welcome Party, Tuesday Dinner, and numerous other opportunities to connect with Recorded Future executives, speakers, clients, and partners
- Live **Q&A DEMOS** with product experts
- In-depth **CLIENT TRAINING** sessions
- **EARN CONTINUING PROFESSIONAL EDUCATION** (CPE) credits for attending

Attending Recorded Future® Predict allows participants to expand their Recorded Future® platform knowledge and increase their actionable intelligence core skills. All to help their business anticipate threats while taking advantage of technological enhancements to help prevent breaches. All while listening firsthand to experiences and best practices from leaders in the intelligence community.
