

Recorded Future Intelligence Cloud

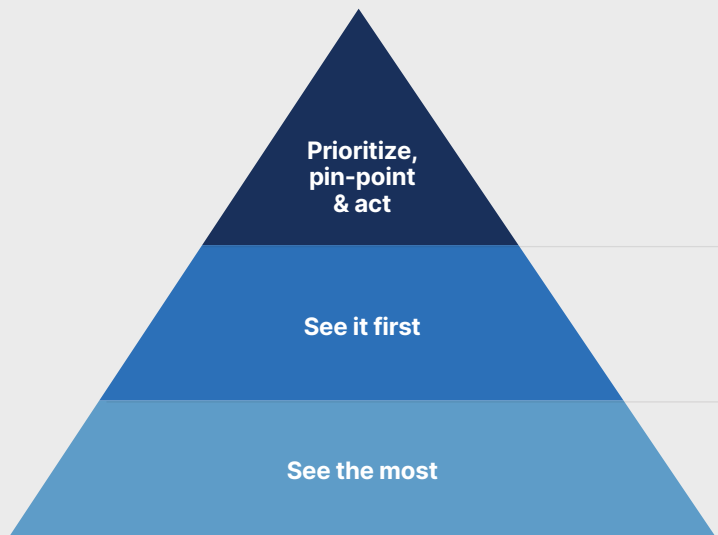

Know What Matters. Act First.

Organizations and defenders face significant challenges: growing tech stack complexity, unrestrained and motivated threat actors, and an overwhelming volume of alerts. Unfortunately, threat intelligence is often overlooked, leaving current detection-based security architectures insufficient and vulnerable.

Modern defense starts with a different approach to threat intelligence

We enable you to get ahead of present and future attacks

Remediate incidents before they impact your business complexity

64%

of clients have a significantly better understanding of their threat landscape

See threats before they turn into attacks on your environment
